9 The Supt. of Hort. Garden has subd. proposal ~~as~~ about opening Horticultural classes at a total cost of Rs. 9,120. This includes a provision of Rs. 3600 for Hort. Inspectors for work in the district. For the present, it appears sufficient if work is confined to Hort. & malic classes. This reduces the cost to Rs. 5520. ^{As} the amount provided in G.O. no. 37-60 ^{S.C.} ₃₋₂₆₋₁ of 14th Aug. 26 for this purpose is Rs. 9000, ~~which~~ ^{which} is this will leave a sum of Rs. 3480 for other items.

15 For providing a sum of Rupees One lakh for Economic Development (among other urgent items) and for producing a balanced budget, it ~~was~~ ~~been~~ found necessary to considerably draw on the reserves. And as such ^{reserves} ~~reserves~~ cannot be continuously counted upon, it is desirable that the appropriations from the lump sum grant of Rupees One lakh above referred to, be as far as possible, directed to non-recurring items of expenditure.

16 If the strengthening of the establishment of the Economic Botanists's Section is, ~~a~~ a permanent arrangement, I think the cost should be met from the departmental budget funds and it is not right to divert possible savings in the Economic Development Grant for the purpose.

17 As a temporary ^{measure} ~~arrangement~~, however, I have no objection to the necessary minimum establishment for the Economic Botanist's Section being given if such an addition is inter-dependent in any way, on the development of the Horticultural Scheme.

18 As full details regarding the opening of Horticultural and Mali Classes are not available in the file, I do not propose to offer any remarks in the matter. As regards the scale of pay proposed for the establishment, I ~~would~~ ~~think~~ ~~suggest~~ that an incremental scale need not be adopted ^{as sanctioned to} ~~for the establishment which would, for the present,~~ can only be on the temporary basis ~~at present~~.

In my Final Note dated 24th September 1926, it was proposed to appoint Mr. Narayana Reddi as Assistant Economic Botanist on a pay of Rs.150 per mensem for the present and to give an increase of Rs.50 per mensem after a year if his work was, in the meanwhile, found to be satisfactory and useful to the State.

Flag Q

Mr. G.H. Krumbiegel, Director of Agriculture, who is also associated with the work connected with Horticulture, says that Mr. Reddi has been trained abroad and is a highly qualified man and that he has worked as a volunteer for nearly $1\frac{1}{2}$ years, and that officers in the Scientific Section of the Agricultural Department after getting such foreign training at Government expense are appointed to posts carrying a salary from Rs.400-700. He accordingly recommends that Mr. Reddi may at least be given a pay of Rs.200 per mensem, the extra cost being met from the sum of Rs.1350 provided for Fruit Preservation during the current year.

Flag A.

The Financial Secretary who was consulted in the matter is of opinion that the savings pointed out by Mr. Krumbiegel are not real as the proposal means only the postponement of expenditure.

*para 59.9
the Notes.*

But in view of the high educational qualifications of Mr. Reddi and of the fact that he has been working as a volunteer for over a year and that the saving pointed out is actually available during the current official year, it is proposed to give Mr. Reddi a pay of Rs.200 as proposed by Mr. Krumbiegel. The Dewan is agreeable to the proposal. I submit the case for the gracious approval of His Highness.

Dated 15..... 1926.

Dear Mr. Ranga Rao,

S. S. 10 - 26 - 3

With reference to the decisions in connection with horticultural development works arrived at yesterday in the Chamber of the first Member of Council I write to state that there seem to be one or two discrepancies in the figures (according to what I have noted) and also provision for the furniture in the case of both the horticultural School and the fruit Nursery and Contingent grant and cost of tools, manure, etc., for the latter were not included. The amounts for these can however be met from within the general sanctioned allotment by either including the items separately under each of the sections or by including them in the item " Outfit for Fruit Preservation " for which a sum of Rs. 1000/- has been provided.

I have shown in the attached statement the figures arrived at at the meeting and side by side the proposed figures. I have discussed the question with Mr. Krumbiegel and he has agreed to the alterations.

If the order has not yet been issued, I request that these altered items and figures may be adopted.

Yours sincerely

INDUSTRIES & COMMERCE
BRANCH.

Bangalore,

28. 10. 1926.

FROM

G. H. KRUMBIEGEL, Esq., F.R.H.S.,

OFFG. DIRECTOR OF AGRICULTURE IN MYSORE,

BANGALORE.

To

C. RANGANATHA RAO SAHIB, Esq., B.A., B.L.,

Secretary to the Government of Mysore,
Development Departments, BANGALORE.

SIR,

With reference to Government Order No. D.2546-48/G.G.10-26-5 dated 8th October 1926, I have the honour to herewith forward copy of a representation from Mr. Narayana Reddy requesting that the salary attached to the appointment may kindly be reconsidered.

2. Mr. Reddy is a highly qualified man with foreign training. He has paid for this training himself and has worked as a volunteer nearly a year under Dr. Coleman and over six months in the Garden Department.

3. Officers in the Scientific section of the Agricultural Department after getting such foreign training at Government expenses have been appointed to posts carrying a salary from Rs.400- to 700/-.

4. When I made proposal for development of economic works in the Garden Department, I persuaded Mr. Reddi to agree to start on Rs.200/- instead of the Rs.250/- which he expected and was held out to him in connection with the Coffee Farm.

5. He has now worked voluntarily for over six months and in view of what I stated above, I consider that it is hardly reasonable to expect him to start on as low a pay as Rs.150/-. I have explained

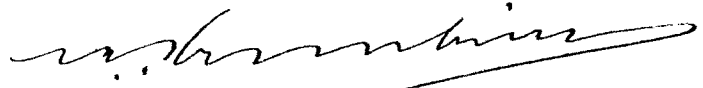

the matter to the Dewan and request you to kindly put the case up for formal reconsideration and sanction of Rs.200/-.

6. In case of difficulty in connection with funds I may state that the provision of Rs.1350 in the estimate for a Fruit Preserving Outfit may not be required this year since we have already an outfit and only requires a cooker at present so that the extra cost in Mr. Reddi's pay can be met from this item.

I have the honour to be,

Sir,

Your most obedient servant,

Offg. Director of Agriculture in Mysore

To

24

G.H.KRUMBIEGEL, Esq., F.R.H.S.,
Economic Botanist, Govt. Consulting Architect
& Offg. Director of Agriculture in Mysore,
B a n g a l o r e .

Dear Sir,

After my return from England I worked voluntarily for nearly a year under Dr. Coleman in the Hebbal Experimental Farm and in the acting arrangements he made before he left Bangalore on long leave he recommended to the Government for the post of Vice Principalship of Agricultural School and to be in charge of the Hebbal Farm on Rs.210+25. I was also given a prospect of being appointed to the Coffee farm on --- Rs.250/- Since 1st March I have been working under you and you have been kind enough to recommend to the Government for the post of Assistant Economic Botanist on a salary of Rs.200/-. I now understand that the Government has decided to start me on Rs.150/-. I am not prepared to accept anything less than Rs.200/- and I would kindly beg you to write to the Government and see that your recommendation is accepted by Government.

I would like to mention here that I took the B.Sc., degree in Agriculture in Edinburgh University with distinction in Agriculture, Botany, Entomology and several other allied subjects and thereafter underwent postgraduate training for a year in genetics under Professor Punnett in the University of Cambridge.

If the Government is not inclined to accede to your request you may at least recommend for a personal allowance of Rs.50/- and a suitable conveyance allowance. Considering my foreign qualifications and the responsible scientific work entrusted to me, I hope you will agree with me that what I have

25

proposed is quite reasonable. The long period I worked under you and Dr. Coleman may also be taken into consideration.

Thanking you for the trouble,

I beg to remain,

Sir,

Yours obediently,
